

## Gifts make new roses possible for garden

Apr. 9, 2014 |

pal-item.com

---

The Richmond Rose Garden Board would like to thank the Wayne County Foundation for allowing us to participate in the Challenge Match program last November. We would also like to thank the sponsors and donors who participated in the program.

Our success in raising funds will allow us to plant 75 new roses in the garden for the next two seasons. We will begin planting these new roses at the end of this month.

This will allow us to keep the garden looking like the gem that it is in the city of Richmond.

Come by and check it out on May 3 for a symphony event or June 4 for our First Bloom and Glow fundraiser.

Thank you again to the Wayne County Foundation for its support to the Richmond Rose Garden.

Beth A. Van Der Burgt,
