

## Grant for health supplies will help Medical Mondays

On behalf of the board of directors, staff and volunteers of the Wayne County Minority Health Coalition, we would like to express our thanks to the Wayne County Foundation for the grant we received for health- related demonstration supplies.

These supplies are used and distributed to the community when they attend Medical Mondays. Medical Mondays is a series of health, fitness and well-being seminars free to the community. They are offered every second Monday of the month.

Thank you Wayne County Foundation for this grant. This grant helps us to assist the underserved of Wayne County.

Sharrie Harlin

Executive Director

Wayne County Minority Health Coalition
